

Ctroniq
Wiz 5

Android | 5-inch | 2700mAh

Ctroniq Wiz 5 strikes the right balance between style and performance. The 5.0inch HD IPS touchscreen (720x1280) delivers marvelous color consistency as well as crisp clarity even in broad daylight and looks eye catching in a metallic finish. Running on an MediaTek MTK6735P chipset with 1.3GHz Quad Core processor, this phone efficiently handles tasks and applications. The Android 6.0 (Marshmallow) OS simplifies using this phone on a day to day basis for you. This smartphone incorporates a lot of features, apps, and a user friendly interface. On the entertainment front, this device gives you a 5MP rear camera and a 2MP front camera, along with an excellent audio experience to match up the phone's excellence. Support for 4G connectivity lets you use this phone to conveniently connect to the Internet while you are on the move. An 16GB built in memory lets you use this smartphone to store and carry important data as well as high quality multimedia. Providing all the power to run apps and perform tasks is the mighty 2200mAh battery.
