The 32CT8100 LED TV from Ctroniq is a next generation addition to its predecessor 32CT3100. Now the consumers can experience entertainment like never before as it amalgamates Crystal Color, Motion Plus and Contrast Enhancer to ensure a lifelike and mesmerizing viewing experience.

The 32CT8100 LED TV flaunts an elegant black design that compliments the home interiors while unmatched functionality and wide 178° viewing angle enables the viewer to enjoy their favorite programs from any seat in the room without compromising on quality.

The Energy Saving feature of this TV conserves energy by allowing you to adjust the various operative aspects such as brightness. The 180° view angle allows greater seating flexibility without compromising on the pristine viewing experience while the 3D Noise reducer ensures crystal sharp image quality at all times.

Ctroniq 32CT8100 LED TV comes armed with 1 PC, 3 HDMI ports, 2 USB inlets for flexible connectivity along with a 3.5mm headphone jack. Enjoy unmatched Audio Experience on the Ctroniq 32CT8100 LED TV movie watching experience next to theater quality.
